

Trinity High School: Accessing Learning Resources at Home

If you are having to access learning resources at home, these will be provided on one (or both) of the Digital Learning Platforms below:

- 'Show my Homework' ('Satchel One')
- 'Microsoft Teams'

Accessing Resources on 'Show my Homework'

Either log on to the 'Satchel One/SMHW' tile via GLOW or you can download the APP directly onto your mobile phone or Tablet.

Accessing Resources on 'Microsoft

This can be done the same way as for 'Show my Homework' (SMHW) above- either via GLOW or as an APP downloaded to your mobile phone or Tablet. If already a member of a 'TEAM' you can join directly but sometimes you may be given a code to join instead. If you are asked to join using a code, select this option when you log on to 'TEAMS'.

Frequently Asked Questions

Q: What do I do if I forget my GLOW or SMHW login details?

A: If not in school, contact the school office and we can provide you with your email address and re-set your password.

Q: Do I need different password for GLOW, TEAMS and SMHW?

A: No. Only one password is required to access all of the above
